

28 Rajab Nussrah Declaration

On the weekend before 28 Rajab 1432 AH, Day of the Fall of the Khilafah, **Hizb ut-Tahrir** Wilayah Pakistan organized gatherings throughout Pakistan. The participants braved the persecution of the traitors amongst the civilian and military leadership and the harsh glare of their American masters. They demanded that the sincere officers in Pakistan's armed forces grant **Hizb ut-Tahrir** the Nussrah (Material Support) for the establishment of the Khilafah. The Rajab Nussrah declaration is as follows:

WE REJECT THE ANTI-ARMED FORCES ACTIVITIES OF THE TRAITORS

1. After the Americans supervised an attack on Abbotabad and then their secret agencies organized attacks on PNS Mehran and other security installations and personnel, the traitors continue to give America a free hand to create an atmosphere of Fitna for its crusade in the tribal areas.
2. The traitors give a free hand to the American military, who roam around within the GHQ, bases and installations, free to spy and seek out their weaknesses.
3. The traitors give a free hand to the American intelligence and private military organizations, who supervise attacks by using the easily infiltrated, loosely structured Taleban, as was clear in the case of Raymond Davis and other incidents.
4. The traitors rush to protect America, trying to deceive and calm both the angry masses and the sincere officers of Pakistan's Armed Forces.

WE REJECT THE ANTI-ECONOMY ACTIVITIES OF THE TRAITORS

5. In order to break the resistance to their treachery, the traitors claim that Muslims would starve without America. But in reality, America would lose her ability to exploit the Ummah's immense resources, whilst the Ummah would prosper. The Western interest-based loans to countries like Pakistan are neither aid nor assistance but a burden and means to exploitation.
6. Because of interest, dozens of countries, like Pakistan, have paid back the principal sums many times over but still remain in debt.
7. The loans come with conditions to prevent the country from realizing its actual capability, by imposing conditions regarding public properties such as energy and minerals, as well as regarding taxation and currency, unleashing rises in the prices of basic needs and rampant general inflation.
8. Through these loans, the world's most resource rich countries, the Muslim countries, are reduced to what the West insists on calling the "developing" world, as if the West were mocking them, even though the capitalist loans will never ever allow them to develop.
9. As for the traitors, it has been an open secret since the sixties of the last century, that they steal funds from loans and contracts with the consent of their master America, which is clear from their personal wealth before and after they came to office.
10. It is time to reject this so-called economic help, implement Islam and unleash the actual potential of the Ummah. An Ummah whose current resources dwarf those of the Western nations, an Ummah which under Islam was the economic envy of the world for over one thousand years.

WE REJECT THE ANTI STATE ACTIVITIES OF THE TRAITORS

11. The lying traitors also claim that Pakistan cannot survive without a military alliance with America. But in reality the traitors depend on America for their own thrones and survival, and in reality Pakistan would thrive without America.

12. The alliance with America, in its crusade against Muslims, has unleashed great devastation on Pakistan. Tens of billions of dollars have been lost from the economy, hundreds of thousands have been made homeless or displaced from their homes, tens of thousands of civilians have been killed, as well as thousands of armed forces and security personnel.

13. As for the military technology from America, America provides enough to ensure the dependence upon it and she will never give that which will allow the armed forces of the Muslims to pursue an independent course based on the actual interests of the Ummah.

14. The kafir colonialist states are big on the surface but fragile from the inside. They have great weapons but they lack great men. Weapons without men are ineffective before a believing Ummah whose weapons are different to that of its enemy. This is why America has faced poorly armed mujahideen for nearly ten years, yet she has been unable to settle her occupation in Afghanistan and now she is forced to seek withdrawal and negotiations.

15. If Pakistan only withdrew its military support, closed America's bases, cut the supply line to America's forces in Afghanistan, America's actual strength would become obvious. America that seeks only this life, with a collapsing, if not completely collapsed, economy, can not accept any more losses of its 100,000 troops in Afghanistan, or disruption of its fuel supplies or attacks on its trade ships on the Arabian seas. It can not afford to fight the sixth largest armed forces in the world, of believing Muslims and with nuclear weapons.

CALL TO THE SINCERE OFFICERS GIVE THE NUSSRAH TO HIZB UT-TAHRIR FOR THE ESTABLISHMENT OF THE KHILAFAH

We conclude by saying to the sincere officers within Pakistan's Armed Forces:

"Today, the entire Ummah demands Islam and its state the Khilafah, from Tunisia to Indonesia, from Sudan to Uzbekistan. The need of the time is the Khilafah to gather the Ummah as the single most resourceful state in the world. And whilst you look upon the Muslim's humiliation, misery and despair, this Ummah looks upon you as the sincere officers of the most powerful armed forces in the Ummah that can make Pakistan the starting point for that Khilafah. Is it not high time that the brutal America who have laid waste to nations from South America to South East Asia is brought down to her actual weight and become a dark stain on history as the tyrannical Roman and Persian empires before them? Is it not time that this Ummah is elevated to its rightful position as the leaders of humankind as it was for over a millennium, opening the lands to Islam, rescuing the people from the oppression of man-made law? Do you not yearn for this great honour that will raise your status on the day of all Days, the Day of Standing before your Lord? Grant the Nussrah now to **Hizb ut-Tahrir** for the re-establishment of Islam as a state and rule, the Khilafah, so as to punish the tyrants and heal the hearts of the believers.

قَاتِلُوهُمْ يُعَذِّبُهُمُ اللَّهُ بِأَيْدِيكُمْ وَيُخْزِهِمْ وَيَنْصُرْكُمْ عَلَيْهِمْ وَيَشْفِ صُدُورَ قَوْمٍ مُؤْمِنِينَ

"Fight against them so that Allâh will punish them by your hands and disgrace them and give you victory over them and heal the breasts of a believing people," [Surah At-Tawba 9:14]"
