Press Note

Muslim armies must move to remove the traitor rulers and establish the Khilafah to liberate Palestine

Women section of *Hizb ut-Tahrir in Bangladesh* organized a seminar today at Women's Voluntary Association auditorium on the subject: 'Attack on Gaza – How to Challenge Israeli Aggression?' Member of *Hizb ut-Tahrir* Nusrat Jahan and Official Spokeswoman of the party Fahmida Farhana Khanam delivered the speeches. The event was chaired Dr K. Nasreen. Before the talks, a short power point presentation was shown on the extent of death and destruction in Gaza.

In the first speech Nusrat Jahan described the history of betrayal by the rulers of Muslim countries. She said in 1948 the rulers collaborated in the establishment of the Jewish state. Since then they have 'fought' phony wars and concocted the myth of the invincibility of Israel. This was done with the purpose of consolidating the Jewish state so that they may surrender the Holy land by signing so-called peace treaties with the state of Israel and crushing any resistance to the occupying state of Israel.

Fahmida Farhana Khanam said the agent rulers of Muslim states are standing by and collaborating with the Jewish enemy who has been massacring men, women and children in Gaza for three weeks on a daily basis. The Israeli atrocities prove the need for a united Muslim army to stop the Israeli occupation and liberate the Muslims of Palestine. This can only be done by re-establishing the Khilafah; the shield of the Muslim Ummah. The Khilafah state will unite the Muslim Ummah; impose a land, sea and air blockade around Israel; and lead the Muslim army into a decisive war inflicting a heavy defeat upon the Jewish state.
