PRESS NOTE

Hizb ut-Tahrir Wilayah Pakistan demonstrates against America's campaign of chaos,
bombings and assassinations

Today, **Hizb ut-Tahrir** demonstrated and held a rally near committee chowk, Rawalpindi, demanding the ejection of American intelligence from Pakistan who is the actual cause of the wave of chaos throughout Pakistan, including bombings and the assassination of Dr. Sarfraz Naeemi, a critic of American interference in Pakistan.

Members of **Hizb ut-Tahrir** Junaid Khan and Mr Waqar addressed the rally which was attended by a large number of people from the twin cities. They said while addressing the participants that America seeks to make Pakistan into another Iraq by stirring the fires of instability. Its intelligence is the world's most well-funded and accomplished terrorist network which has spawned a wave of bombings and assassinations throughout the world, from Latin America to Iraq and now on to Pakistan. Without doubt, America needs to be treated as a state with who we are in actual war, and we need to shut down her embassies in our lands because they are centres from which they spy on us, in fact it is the actual ruling head quarter as the American are the actual rulers of the country and the so called rulers are nothing but puppets in America's hand. They demanded that Diplomatic relations with America must be severed because it is the diplomats who work to hatch conspiracies with the hypocrites against us. And all her military and intelligence must be ejected from Muslim Lands.

Hizb ut-Tahrir Wilayah Pakistan calls the army to give the Nussrah to **Hizb ut-Tahrir** to establish the Khilafah so as to give a befitting response to the American crusaders.
